A Message From the District Attorney

The San Bernardino County District Attorney's Office takes truancy very seriously. We know that it is often the "gateway" to juvenile delinquency and, later, more serious adult crime. Making sure that kids go to school and stay in school is very important to me for two reasons. One is because as District Attorney of San Bernardino County I want kids to stay out of trouble and out of the court system. The best way to do this is by making sure kids stay in school. The second reason is that, since I served seven years on the Redlands' School Board, I know how important a good education is to a child's future. Children are our most important resource. Parents, it's up to you to see that they get the best education available. Students, it's up to you to stay in school so that you are ready to lead us in to the future.

Michael A. Ramos, District Attorney

What Is the L.E.T. Project ??

👍 L.E.T. stands for "Let's End Truancy" and means striking a blow against truancy.

👍 L.E.T. means that we are serious about truancy and want to help keep kids in school.

👍 L.E.T. means making everyone aware that when kids are truant it affects us all.

👍 L.E.T. means everyone working together to make sure all of our kids get the education they deserve and need in order to succeed.

👍 L.E.T. means we care about truancy because we care about kids.

What Are L.E.T.'s Goals?

- 🔔 Improving school attendance for previously truant students
- 🔔 Discouraging future truancy
- 🔔 Helping to make education a top priority for students
- 🔔 Looking at the truant student in totality to best assess his needs
- 🔔 Using a progressive discipline approach for truants and/or families
- 🔔 Working with families to determine the causes of truancy
- 🔔 Reducing the negative impacts caused by truancy and juvenile delinquency

Why Have a Manual About Truancy???

- Kids need a good education and they can't get it if they're not in school.
- A manual points out why it's important for kids to go to school.
- A manual spells out exactly what is expected of students and what will happen if they don't go to school.
- A manual brings together different agencies in a uniform policy and lets everyone know who's responsible for what.

Why Talk About Truancy???

- Truancy is a big problem in San Bernardino County that affects all of us.
- Truancy is expensive and we all end up paying for it sooner or later.
- There is a direct link between truancy and juvenile delinquency.
- Kids who are truant are at greater risk for getting involved with alcohol, drugs, gangs, and violence.
- Parents need to understand why it's important for their kids to get to school and stay there.
- Kids need to understand that education should be their top priority.
- Everyone needs to understand the consequences of truancy.

What's the Link Between Truancy and Delinquency?

- ☹ Students who drop out of school are more likely to end up in prison.
- ☹ 78% of prison inmates had truancy as the first entry on their arrest records.
- ☹ The most likely juvenile recidivists were those whose first referrals were truancy, burglary, motor vehicle theft or robbery.
- ☹ Truants are found to be at greater risk for becoming involved with gangs, drugs, alcohol or violence. 67% of truants tested positive for drugs at the time they were detained.
- ☹ 57% of violent crimes committed by juveniles occur on school days.
- ☹ 82% of prisoners today are school drop outs.

Just the Facts, Ma'am . . .

- ☞ More than \$1 billion is spent annually on the juvenile justice system that involves both state and local agencies.
- ☞ Truancy cases increased 65% between 1986 and 1995.
- ☞ 53% of surveyed cities that have imposed daytime curfew laws credit the new laws for drops in juvenile crime.
- ☞ Truancy rates are as high as 30% in some cities.
- ☞ High rates of truancy are linked to high dropout rates.
- ☞ High school dropouts are two and a half times more likely to be on welfare than are high school graduates.

What Agencies Work to Stop Truancy?

Truancy is a problem that affects the whole community, and many agencies are responsible for helping to reduce it. They are:

- 🕒 San Bernardino County District Attorney's Office
- 🕒 San Bernardino County Superintendent of Schools Office and local school districts
- 🕒 San Bernardino County Children's Network
- 🕒 San Bernardino County Probation Department

Why Does My Child Need to Go To School?

- ✎ To get the best start in life, a child needs a good education.
- ✎ If your child doesn't go to school, he or she will fall behind the other students.
- ✎ If your child is not in school, he can't get the grades needed to progress and graduate.
- ✎ Often employers won't hire employees with spotty school attendance records - It sometimes means they'll miss work, too.
- ✎ Young people who miss school are often victims or perpetrators of crime.
- ✎ If your child doesn't go to school you and/or the child can be prosecuted.

What's the Truancy Law?

Section 48260 of the Education Code states: "Any pupil subject to compulsory full-time education or to compulsory continuation education who is absent from school without a valid excuse more than 3 full days in one school year or tardy or absent for more than any 30 minute period during the school day without a valid excuse on 3 occasions in 1 school year, or any combination thereof, is a truant and shall be reported to the attendance supervisor or to the superintendent of the school district."

This means your child must be in school and ready to work unless there is a valid reason and an excused absence. If your child is declared a truant, then either you or the child can be prosecuted. You could go to jail or pay a fine, or both. It is your responsibility to make sure your child goes to school and stays in school!

What Happens to the Truant Child?

1. A letter is sent or phone call is made to the parent
2. A school worker may visit the home
3. Parent meets with the School Administration
4. Parents may get a letter from the D.A.
5. Student may appear before the local S.A.R.B. (School Attendance Review Board) made up of school officials and community representatives
6. The case is sent to the county S.A.R.B. made up of personnel from law enforcement, Child Protective Services, Behavioral Health, and the School District personnel
7. If attendance doesn't improve, referral is made to the Probation Department and the D.A.'s office for prosecution of either the parent, the child or both.

The Case Goes to the D.A. and ?????

- ☞ The D.A.'s office is the last stop for the truant.
- ☞ Before a case is referred to the D.A.'s office, it has already gone through many stages - each was a chance for the truant to turn his life around and start attending school.
- ☞ The truant and his parents have already received a letter from the D.A. stating that if the child didn't attend school, the child and/or the parent could be prosecuted.
- ☞ When the D.A. receives the case from the County S.A.R.B. it will review the case and decide whether or not to prosecute.
- ☞ The D.A. must also decide who to prosecute - the child, the parent, or both!

What Are the Penalties?

If the D.A. chooses to file against the minor, the penalties are 20 - 40 hours of community service, a maximum fine of \$100 (plus the penalty assessment imposed by the court), driving privileges suspended or revoked and required attendance at a court-approved truancy prevention program. Additionally, the student is put on probation.

The D.A. can choose to file against the parents under the Education Code 48293, with the fines being from \$100 - \$500.

The D.A. also has the option to file a P.C. 272, contributing to the delinquency of a minor, which is a misdemeanor that brings a \$2,500 fine and/or 1-year county jail and up to five years probation.

How Can I Help My Child?

-  Make sure your child goes to school regularly.
-  Take an interest in your child's schoolwork.
-  If your child starts to miss school, speak to the school and let your child know he/she must attend.
-  If your child is ill, contact the school and explain the reason for the absence.
-  Do not expect the school to agree to frivolous outings, such as shopping trips.
-  Don't expect your older children to stay home and act as babysitters for younger children.

Why Should I Stay in School?

- ☺ If you stay in school and get your diploma, you'll double your chances of getting a good paying job.
- ☺ If you stay in school, you're less likely to get involved with gangs and drugs.
- ☺ If you stay in school, you're less likely to be a victim of crime.
- ☺ If you stay in school, you won't run the risk of being prosecuted by the District Attorney's Office for truancy.
- ☺ If you stay in school, you can write your own ticket to go anywhere, to do anything, to be anyone.
